

Appendix A: The City University of New York’s Sexual Violence Campus Climate Survey

Chart 1

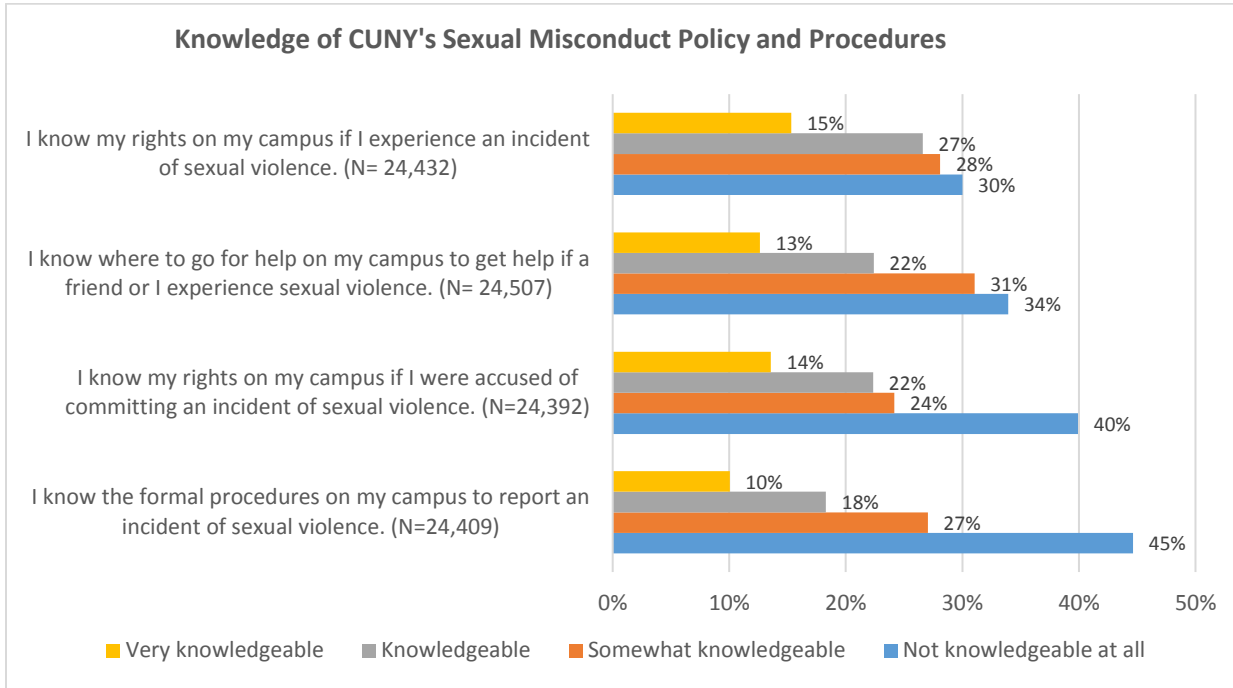

Percentages are based on valid (non-missing) responses to each question; number of valid responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question.

Chart 2

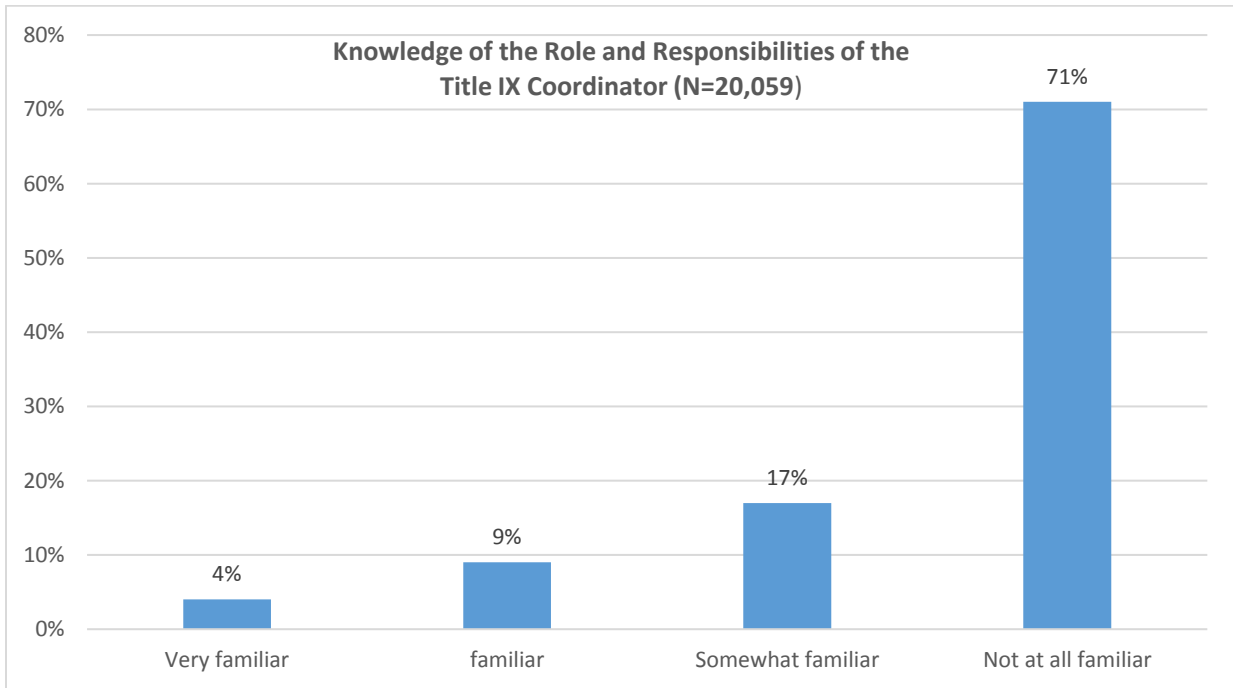

Percentages are based on valid (non-missing) responses to each question. Number of valid responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question. Respondents were able to provide more than one answer; as a result, percentages add to more than 100%.

Chart 3

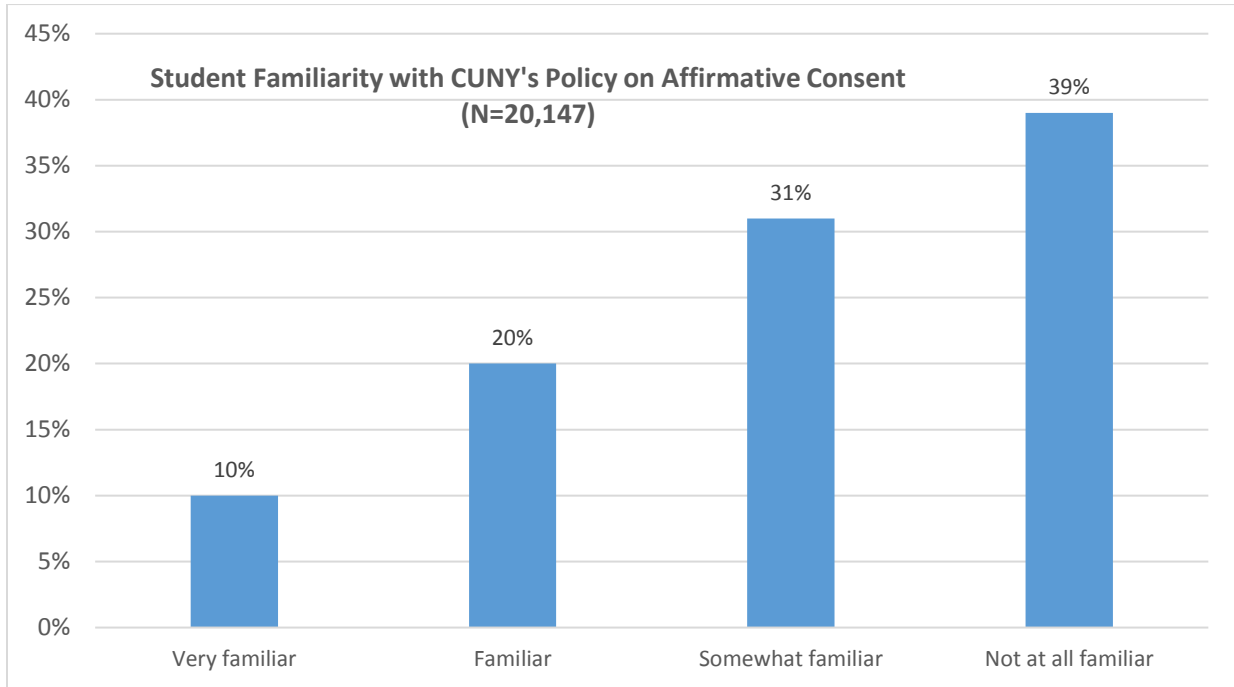

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question.

Chart 4

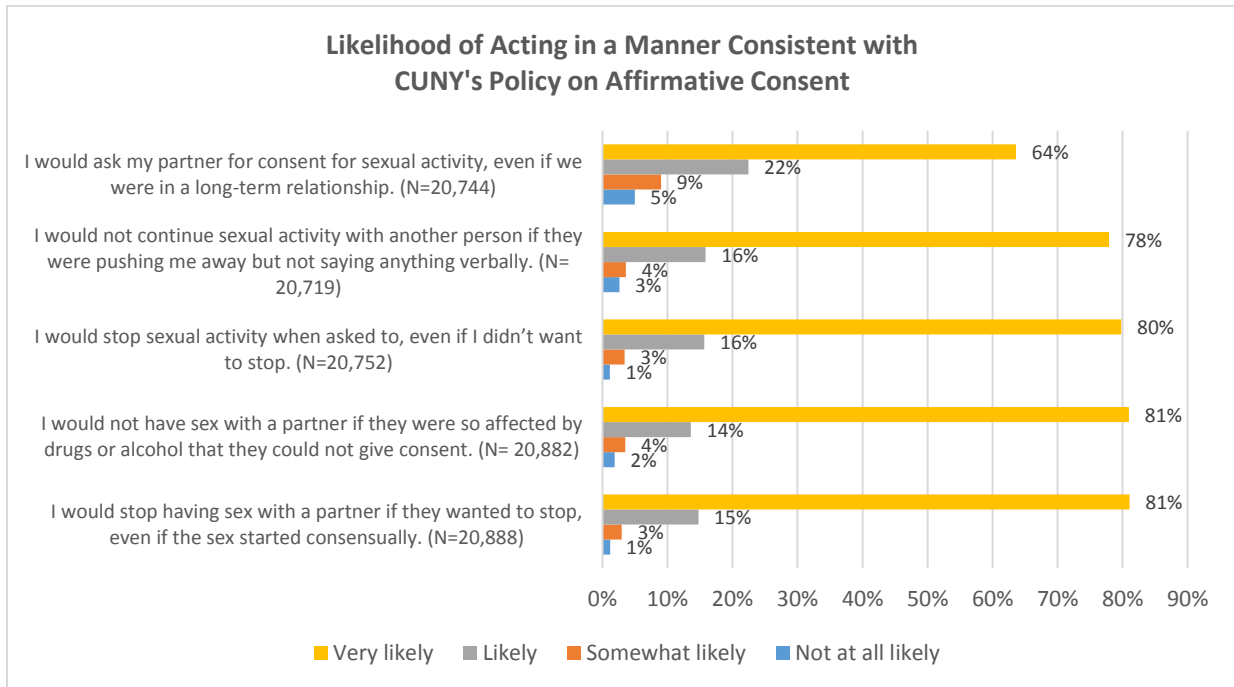

Percentages are based on valid (non-missing) responses to each question.

Chart 5

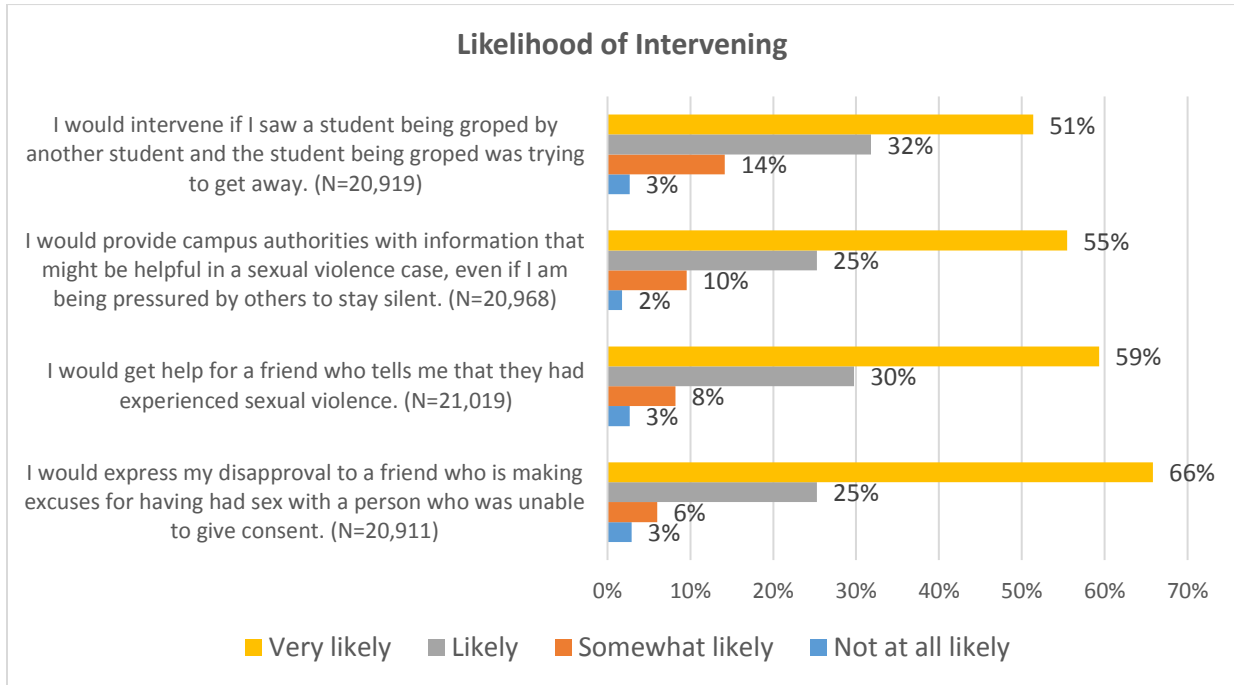

Percentages are based on valid (non-missing) responses.

Chart 6

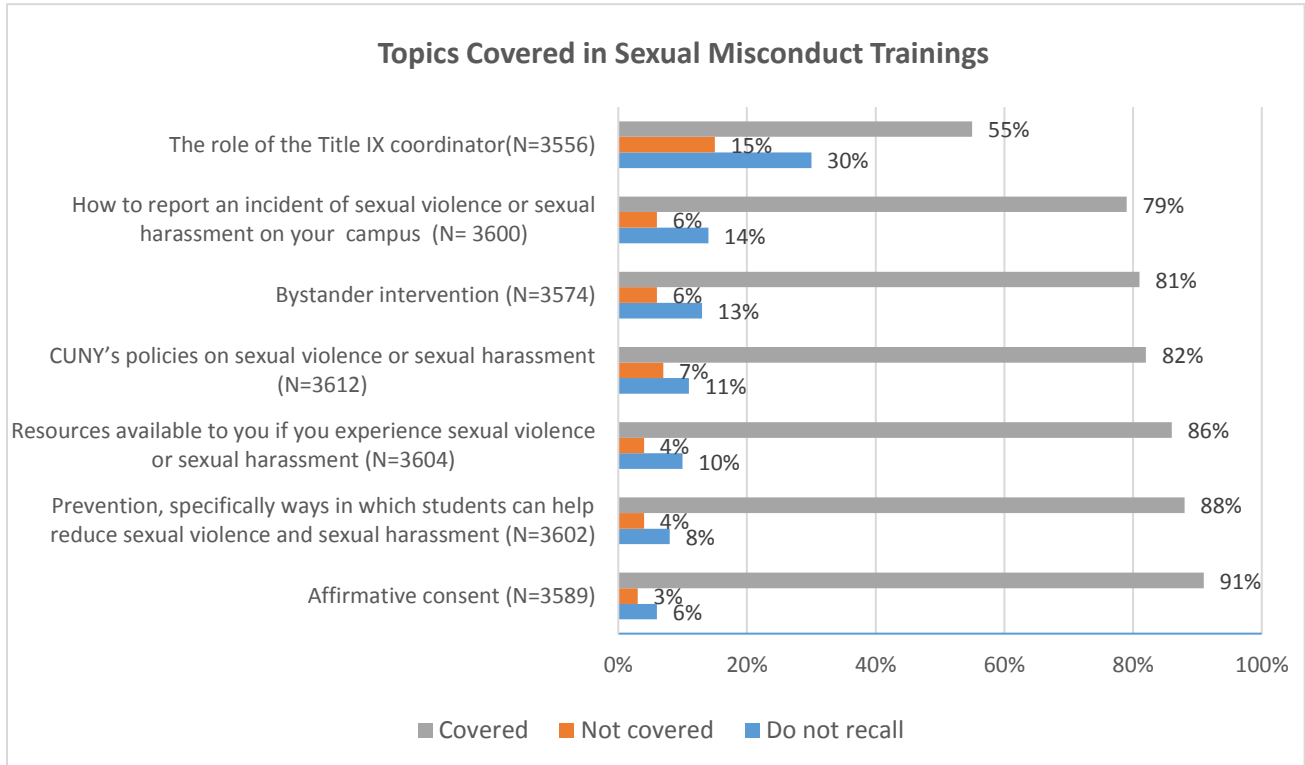

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question.

Chart 7

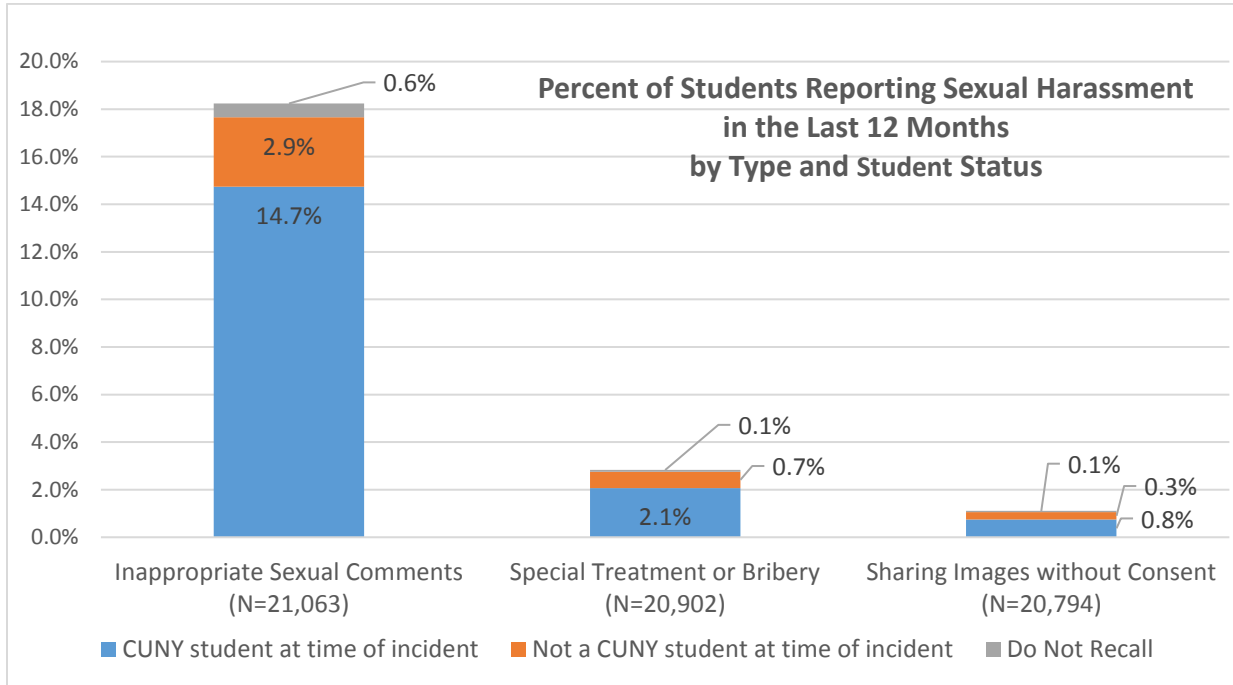

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question.

Chart 8

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question.

Chart 9

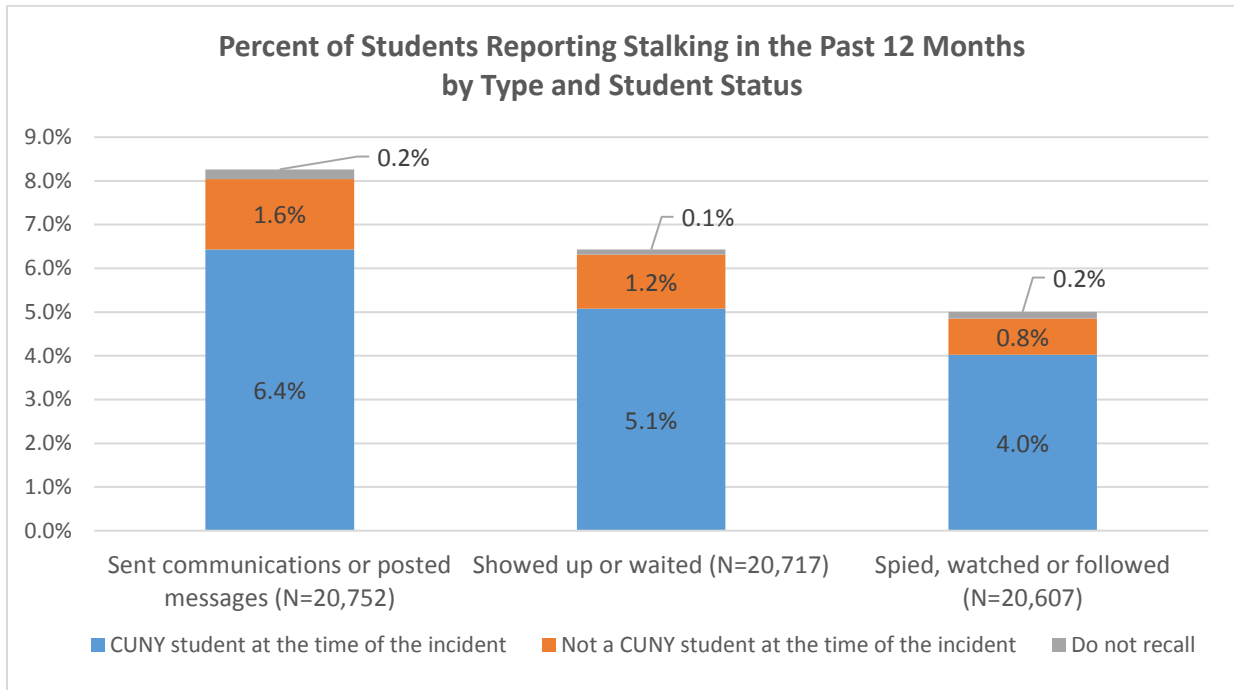

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question. Numbers that appear with the bars are the number of students reporting.

Table 1

Person Responsible for the Harassment - Association with CUNY						
Harassment Incident When a CUNY Student	% (N) Enrolled or Employed by CUNY	Of Those Enrolled or Employed by CUNY				
		Student	Faculty/Instructor	Administrator/Staff	CUNY-Other	Do not know association
Inappropriate Sexual Comments (N=3104)	27% (823)	84%	17%	8%	5%	4%
Special Treatment or Bribery (N=433)	26% (113)	75%	22%	7%	9%	1%
Sharing Inappropriate Images without Consent (N=156)	30% (47)	79%	17%	4%	6%	4%

Percentages are based on valid (non-missing) responses to each question. This is a multiple-choice question and therefore totals may add to more than 100%. CUNY-Other includes athletic coaches, supervisors and other.

Chart 10

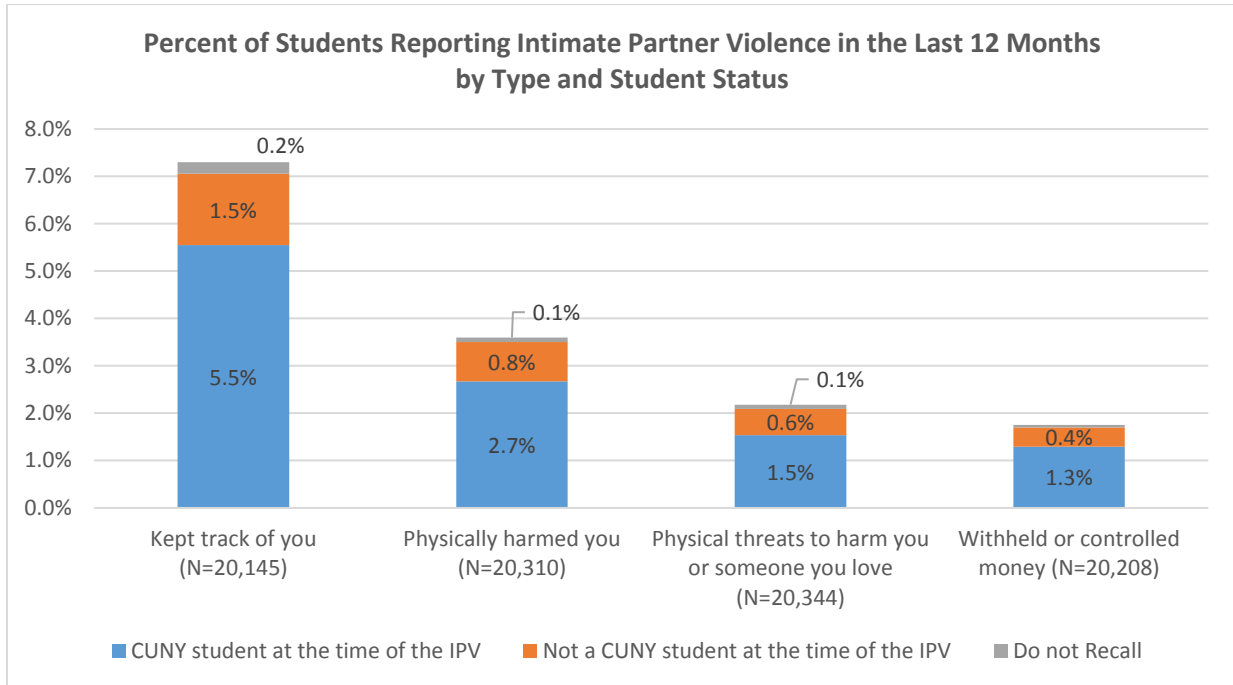

Percentages are based on valid (non-missing) responses to each question. The number of valid responses may vary as students were allowed to skip any question. Numbers that appear with the bars are the number of students reporting.

Table 2

Person Responsible for the Stalking - Association with CUNY						
Stalking Incident When a CUNY Student	% (N) Enrolled or Employed by CUNY	Of Those Enrolled or Employed by CUNY				
		Student	Faculty/Instructor	Administrator/Staff	CUNY-Other	Do not know CUNY association
Via Email, Phone, Social Media (N=1334)	26% (353)	89%	9%	5%	3%	1%
Showed up or waited (N=1052)	42% (445)	87%	6%	7%	3%	4%
Followed, watched, spied (N=829)	30% (251)	84%	10%	6%	5%	4%

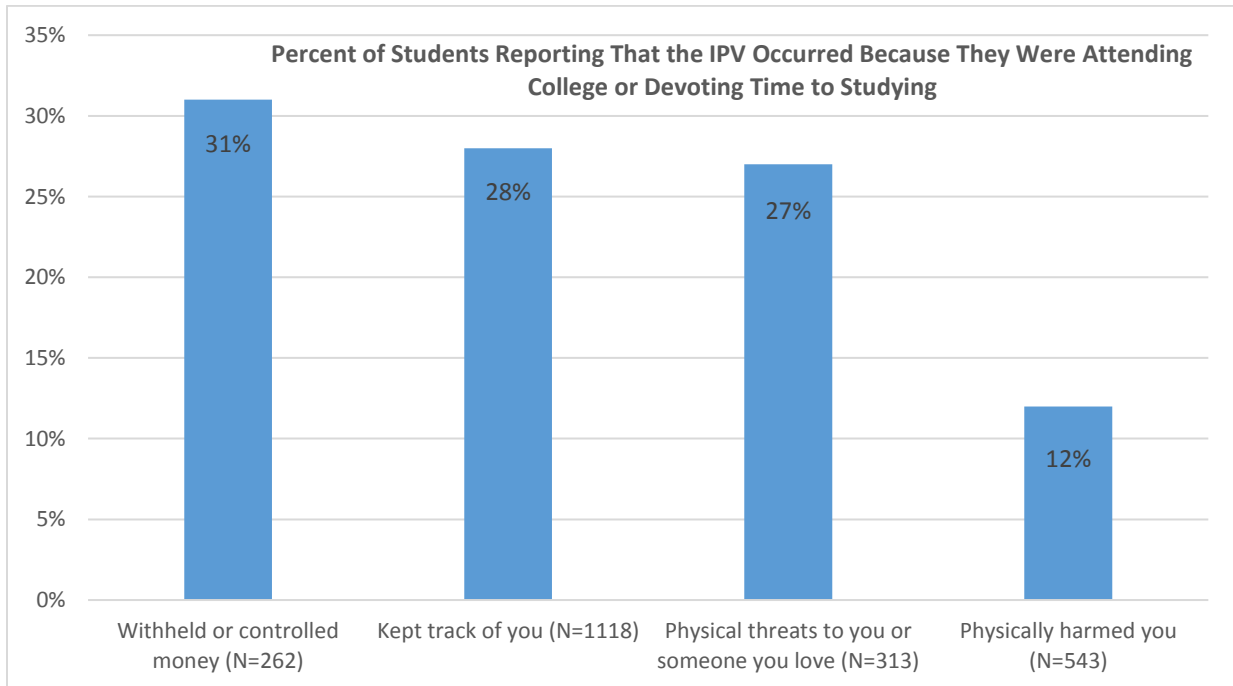

Percentages are based on valid (non-missing) responses to each question. This is a multiple-choice question and therefore totals may add to more than 100%. CUNY-Other includes athletic coaches, supervisors and others.

Chart 11

Percentages are based on valid (non-missing) responses to each question; number of responses are provided in parentheses. The number of valid responses may vary as students were allowed to skip any question. Numbers that appear with bars are the number of students reporting.

Chart 12

Percentages are based on valid (non-missing) responses.

Table 3

Where Did the Incident Occur?	Stalking		Non-consensual Sexual Touching N=738	Non-consensual Sexual Penetration N=263	Intimate Partner Violence	
	Shown Up or Waited N=1040	Spied Watched or Followed N=825			Physically Harmed You N=535	Physical Threats N=312
No Association with CUNY	55%	69%	82%	87%	92%	89%
At Least One CUNY Association	45%	31%	18%	13%	8%	11%

Percentages are based on valid (non-missing) responses to each question. This is a multiple-choice question, listing several CUNY and non-CUNY options. If at least one selected option was CUNY-related, the respondent received a code of “association reported,” otherwise “no CUNY/campus association reported.”
