STAY ON TRACK.
GRADUATE ON TIME.

WHAT IS ASAP?
Did you know that the path to earning an associate degree can be long and sometimes hard? Only 40% of community college students in the U.S. earn their associate degree in six years. But it doesn’t have to be this way. Since 2007, Accelerated Study in Associate Programs (ASAP) has been transforming the college experience of CUNY students, helping thousands to graduate in three years or less.*
